## THE SOLEMNITY OF THE MOST HOLY BODY AND BLOOD OF CHRIST

It is far too easy for us to file out of our pews or chairs into the Communion line, receive, return, leave after Mass is over, and get on with our lives. The food and drink that Jesus offers us in this memorial celebration requires of us conscious preparation, deliberate partaking and ongoing savoring by how we live. Eucharist changes us to live more holy and self-giving lives. We can't just

put on a costume or cloak of being Jesus' followers; sharing in the Body and Blood of Christ means that we share in Jesus' life of self-giving. This means becoming more aware of others' needs and responding to them; it means doing our everyday tasks well and out of love; it means being honest, just, and forgiving. Eternal life is the fruit of our transformation in Christ. We are to remain in Him and are sent to be His presence in the world.

### A FAMILY PERSPECTIVE

Parenting is a Eucharistic activity because from the first moment of conception children consume us, our flesh, blood, energy, time and resources. If we don't sacrifice ourselves, our children would not have life. This is the priesthood of parenting. Christ is present in this self-sacrifice.

### PETER'S PENCE

Thank you for your generous support of the essential work of the Holy Father and his charitable acts through the Peter's Pence Collection. Our contributions will be combined with those of our brothers and sisters around the world to help Pope Benedict reach out to those in need. Your generosity will help to cast Christ's peace upon the world.
